

Our Mission Trip for 2019 will be *Indianapolis, Indiana (July 28th – August 2nd)*

More than a quarter of the city's residents fall below the poverty line - and there are more than 2,000 people living on the streets on any given night. The Near Eastside, where YouthWorks is housed, has been particularly affected. The neighborhoods changed from a place of business and commerce. Naturally, the job loss was significant for the area and the ramifications are still being felt today. The neighborhood is home to active churches and ministries that are committed to one another through Christian community development. Through their example, we learn what it means to be a good neighbor through service, and are invited to care for one another in the Near Eastside, throughout Indianapolis, and in our own communities

July 28th – August 2nd. If your child(s) are interested in going on the mission trip. Fill out the form below and send it back with a check for the deposit of \$150 to VELC – (note: 2019 Youth Mission Trip). Please let me know by February 28th 2019. I have space reserved for us. If you cannot make the payment at this time not a problem please let me know and I will cover the deposit and you can pay me back when it's good for you.

If your youth participates in the fundraising events the remaining cost will be paid for. If you do not want your child to participate in the fundraising then you will have to pay the total cost of \$324.00 per person. I (Shari) have no doubt that we will raise the money and then some. Please don't let the cost make your decision. Talk to me first. I want everyone to go and enjoy this trip.

More information will be coming out with the fundraising events, date and times. I am looking forward to spending time with your children on this spiritual journey.

Name of participant _____ Birthdate _____

Participant phone number _____ Can they receive text _____

Participant e-mail _____

Parent(s) Name _____

Home Phone _____

Dad's Cell Phone _____ Would you like to receive text _____

Mom's Cell Phone _____ Would you like to receive text _____
