

## What Am I Doing?

I'd like to share:

4/3/2020

Our bible study group of five devoted ladies has been meeting monthly and at times semimonthly for the last five years. We started getting together in my home to study "The Bible" which the whole congregation was reading and discussing at the time. After that was finished, we decided to continue getting together and sharing our stories. We currently pick a study book that is relevant to our faith journey. Many times, as we meet the first hour is taken up with sharing our family stories which is so very heartwarming. Then we finally get around to discussing the book. Isn't that how life goes!

Well during this quarantine period, we have decided to continue to meet via email. I will send out an email and the others will join the conversation with quoting their favorite passage or "learning experience" from the assigned chapter. Our group consists of Carol Mainwaring, Linda Henry, Elaine Schmidt, Judy Nunnemacher, Sharon Merkel.

How great is this that God is with us all the time no matter where or how we connect!

Carol Mainwaring
